The courses felt very relevant and all of the staff were engaging and entertaining. I liked how interactive classes were and how we got to participate. I feel I learnt a lot about British language, literature and culture. And the weather has been pretty good too!

NTNU BA/Year Course Student, February 2024

This has been the best experience. I have got so much in the classroom and in York, including my first ever trip to the theatre which was amazing. So much to bring “home” with me, including for my future career.
